About Us

PiTangent is more than a globally recognized and acknowledged IT hub. It is home to some of the Top Tech Enthusiasts and Visionaries creating, sharing, and shaping digital ideas.

By harnessing the power of modern technology, we drive growth for a plethora of industries spread across the world. With expertise in Data Analytics, AI/ML, SaaS Product Engineering, Blockchain, and mobile & web application development, PiTangent helps businesses achieve digital success.

We are a "People first"organization where trust is given the utmost importance by ensuring complete integrity and transparency. It is a closely-knit family that shares more than just codes, designs, marketing, & sales ideas. We are a bunch of moms, dads, believers, creators, and a whole lot more ready to walk the extra mile to help our clients achieve digital success!
